

MESSAGE- ELEVATE # 3 DOIN THE HARD STUFF

3. Doin the Hard Stuff

-Elevating means having to walk through somethings that might not be so easy

-

...The Jordan is your wall, weakness, problem, etc. that you can't control.

...The Jordan was flooded and the priest had to walk through flooded waters (danger zone) before stepping into the river.

...Walking in flooded waters is not easy (ELEVATING IS NOT EASY)

...Crossing the Jordan requires trusting God with the HARD STUFF

- How? Obey the Word, Follow the Spirit, Use Wisdom

-But they also had to carry a heavy object

...Sometimes taking our load is not easy and we have heavy baggage

...Your heavy object can't stop you

...Sometimes the circumstances seem impossible

...And ALONE it is!

...The Priest had each Other - We are PRIEST & we have to SUPPORT each other as we Cross our JORDANS
